

# Come as a team. Leave as a force.

## About Workhuman Live

Workhuman® Live is a transformative HR experience where groundbreaking ideas have far-reaching influence. Go beyond HR and delve into the data behind gratitude, human rights in the workplace, and other provocative issues in the future of work.

## What makes a team?

Teams can represent a diverse mix of titles, companies, and backgrounds. Consider the groups that will benefit, such as:

- Ambassadors who shape and exemplify your organization's cultural values
- Traditional HR teams looking to satisfy professional development credit requirements
- Executives and leaders interested in key issues impacting the future of work
- Core program teams responsible for company benefits programs
- Any other group invested in bringing humanity to work

## Why bring a team?

This is an ideal opportunity to grow and learn together. There's no conference priced this low that delivers half as much.

## Savings

With each registration, teams of 5-10 enjoy 20% off and teams of 11-20 enjoy 30% off. If your group has 21+ humans, contact us for special pricing.

## Benefits of attending as a team

### Early session registration

Teams can reserve their seats for keynote and breakout sessions before general attendees. Space is limited in certain sessions, so securing your spot is a must.

### Concierge service

San Antonio has great restaurants and local attractions. We'll provide information to help your group spend quality time together outside the conference.

### Teams breakfast

RSVP in advance for Tuesday morning and we'll reserve tables in the breakfast room for your team to gather before the conference kicks off.

### Hotel resources

We can provide hotel contacts for support for off-site meetings and other specialty needs.

### Pre-conference webinar and action plan

A few weeks before the event, we will present recommendations for maximizing the content and experience. We'll also provide tools to frame your plan before, during, and after the event.

### Waypoints at Workhuman Central

We'll identify markers within Workhuman® Central that your team can use to find each other among the 4,000+ attendees.

### On-site meeting room

Teams of 11 or more will have the opportunity to reserve meeting space at the convention center.

### Post-conference webinar and action plan

We will recap learnings and provide strategies to incorporate them back at the office.

## Teams of 21+

### Exclusive analyst insights

Workhuman will facilitate an exclusive experience, scheduled for after the conference, with a leading industry analyst or respected influencer on a key issue humans face in the workplace today.

### Workhuman-facilitated team meeting

Meet with your team and a Workhuman representative to help human-workplace concepts come to life at your company. This meeting must be requested at least 4 weeks before Workhuman Live and will take place after the conference.
